ADULT EMERGENCY UNIT – EMERGENCY DEPARTMENT

Morning Report Attendance Guide for Recipients & Managers

How to view attendance, receive reports, correct entries and reprint the QR poster

1 What you receive automatically

- **Daily report (PDF)** by email at about **07:15** on every session day (Sunday–Thursday): names, IDs, training levels, registration times and total attendance.
- **Monthly summary (PDF)** on the **1st of each month**, and a **yearly summary** on **1 January**: sessions held, attendance per session and each trainee's attendance rate.
- All PDFs are also kept in the shared Google Drive folder **"Morning Report Attendance – PDF Archive"** (Drive → **Shared with me**).
- A read-only Google Sheet **"... Attendance Register (read-only)"** with every registration, refreshed every 10 minutes (Drive → Shared with me). Its first tab, **Start Here**, has all the links in this guide.

2 Open the dashboard

Dashboard: **morningreport.patientflowms.com/admin.html**

1. Open the link on your phone or computer and tap **Continue with Google**.
2. Choose the Google account that is registered as a recipient (the one that receives the reports).
3. You will see **today's attendance live**, the 30-session trend, attendance by training level, rejected attempts and the change history. Use the date arrows to look at any previous day.
4. **Trainee attendance** tab: each trainee's attendance rate for the last 30 days to 12 months. **Export CSV** downloads the data.

3 Who can do what

Task	View access	Manage access
See attendance, trends, history; export CSV	✓	✓
Receive all PDF reports; open the read-only register and PDF archive	✓	✓
Download and reprint the QR poster	✓	✓
Add a missed attendance, correct or remove an entry	–	✓
Email the report to all recipients	–	✓
Settings, recipients, session times, classroom location	System owner only (Dr. Swaid Saulat)	

For managers · Reprinting the QR · Help

4 Correcting attendance (Manage access)

- **Someone attended but could not register** (phone problem, no GPS): Dashboard → **+ Manual entry** → date, time, name, ID, level, note → **Add entry**. It is marked *Manual* in the register and report.
- **Wrong name, ID, level or time:** in the register, tap ✎ on that row, fix it, write a short reason, **Save correction**.
- **Entry that should not be there** (registered by mistake): tap 🗑, write the reason, **Remove entry**.
- **Resend a report** after a correction: **Email report** ▾ → **Send to all recipients** (or *Send a copy to me*).

> Every correction or removal is recorded with **who** made it, **when**, **before → after** and the **reason**. You can see it in the dashboard under **Change history**. Removed entries are kept in the audit record and can be restored by the system owner.

5 QR code poster: download & reprint

If the poster in the classroom is lost, damaged or removed, anyone on the recipient list can print a new one. **The QR code never changes**, so an old copy keeps working.

Direct PDF (A4)
morningreport.patientflowms.com/QR-Poster.pdf

Other places
Read-only register → **Start Here** tab · Drive PDF Archive → **Printables** · Dashboard → **System & links**

Print on **A4, scale 100%** (or A3 "fit to page" for a larger poster). Place it at eye level near the classroom entrance.

6 How attendees register (for reference)

1. Scan the QR with the phone camera between **06:00 and 06:45** (Riyadh time).
2. Sign in with any Google account, enter full name, Staff ID and training level.
3. Allow location: the phone must be **in the classroom area**. One registration per person per session; late or remote attempts are refused and listed under *Rejected attempts*.

7 Help

- **"No dashboard access":** you are signed in with a different Google account. Tap **Sign out** and choose the account that receives the reports.
- **A trainee says "ID linked to another account":** they used a different Google account before. Add their attendance manually and tell the system owner.
- **Changes to times, recipients, settings or classroom location:** contact the system owner, **Dr. Swaid Saulat** (swsaulat@gmail.com).
